Civil Service Board of Review Announces Public Meeting For Discussions Pertaining to City Employees

Whether there will be any shuffling around of duties and qualifications or reclassifications of city jobs may give some room for speculation to civil service workers here as the Daly City Civil Service Board of Review convenes at the City hall on Friday, September 28 at 8 p. m.

It is known that a proposed classification and compensation plan will go under discussion in the council chambers at this meeting, which is public. The board's duty will be to decide upon the duties and minimum qualifications for each city job under the present civil service setup.

It is compulsory under civil service regulations that this public meeting be held before the board of review can take their findings and recommendations before the city council for official approval.

B. C. Ross is personnel clerk for the board of review and the members of the board are Emery E. Rowley, 19 West Cavour street, Oliver J. Nolte, 325 Knowles avenue and Clarence Schmidt, 139 Winchester street.

Three New Showrooms Being Built In Daly City To Present Coming New Models On Automobile Row

Indications that Daly City may boast an automobile row in the not too far distant future are seen in the current mushrooming of three new showrooms for the presentation of new cars.

The Peter Venturino Agency for Packard automobiles at 5997 Mission street is fixing up a large showroom in the front of the building and the building will be extended in the rear to the end of the lot.

Another application made to A. J. Bodien, building inspector, was filed by the Rudy Bacher Company—Rite Way Sales, to build an addition on the front of the building they now occupy at 6605 Mission street. This is also to be used for a new car showroom. J. Millett jr. is the contractor for this addition.

A few blocks further up the line a new building has been contracted for through the Huber Construction Co. of Daly City and will be built by Ricco Lagomarsino of 7100 Mission street. It will be located right next door to the Pantaleoni Building at 7046 Mission street which was originally owned and occupied by the Pantaleoni Bros., then bought by Jefferson High school as a prospective machine shop schoolroom and recently sold to the Dolan Building Supply company.

C. L. Haas, present tenant of the Pantaleoni building will occupy the new building which will feature elaborate display rooms for new Dodge and Plymouth cars. Haas' business will not be confined to Dodge and Plymouth exclusively, but will be a general automobile sales agency with an extensive repair shop in the rear of the building.

Special Classes At Jeff High Open Tuesday Eve.

Special classes for continuation students and adults will open at Jefferson Union High school on Tuesday evening, October 2. Classes will run from 7 to 9 p. m.

Auto mechanics will be taught by Claude Hackley, typing and stenography by Miss A. Dorothy Smith and the citizenship class will be under the supervision of Adolph Hansen.

Boys and girls between the ages of 16 and 18, who are employed, may satisfy the school attendance requirements in these classes. Such attendance is necessary to maintain their work permits.

The citizenship class will consist of individual instruction to include English for foreign born applicants as well as a study of American government for those about to take the examination.

All evening classes will meet on Tuesday and Thursday evenings.

George Schenone Home On Leave

Seaman Second Class George Schenone, son of Mr. and Mrs. John Schenone, Pierce and Clara streets, Colma arrived home last Friday, September 14 to spend 20 days leave with his folks. He has been stationed in New York since last March on the USS Huston and will return there after his short, but sweet leave expires.

Herman Hanson Passes Away At Fort Miley Hospital

Life's curtain fell for the last call on Herman Hanson, on Sunday, September 16 to write finis after his 30 years as a respected resident of Daly City. He had been suffering from a heart ailment and was ill at Fort Miley Veteran's hospital for two weeks before he died.

Hanson was a member of Odin Lodge No. 393 IOOF and Colma-Vista Grande Aerie No. 1848 FOE. He is survived by his devoted wife Freda, three brothers, Fritz, Ben and Gus and two sisters, Mrs. Charles Olson and Mrs. Burnell Yarick. He was also the brother of the late Mrs. Ernest Freedlund, and his uncle was C. A. Larsen of Aptos, California.

Funeral services were held on Wednesday, September 19 at 1 p. m. from the mortuary of W. C. Laswell and company at 6154 Mission street. Interment was at the Golden Gate National cemetery at San Bruno.

Haskins Building To Be Completed Early In October

All eyes are on the new building going up at the intersection of San Jose avenue and Mission streets in Daly City as it is a decidedly attractive addition to the business district. It will probably be called the Haskins building in honor of his mother, according to A. R. Haskins, the owner.

There will be three store buildings on the ground floor and three two-room apartments upstairs. Haskins has not decided whether he will rent them furnished or unfurnished, but he does know that he has been the most popular man in town since the word went around that there were to be apartments in the building. He estimates that the building should be ready about the middle of October.

Big Argument Is Whether To Spend Large Sum On Privately Owned Quarry Or To Utilize Location Owned by City

Peace time projects are coming out of their mothballs in all communities, as wartime regulations are being rapidly lifted on all sides in the swift and progressive way of these United States. For Daly City the big issue, hot on the fire, is the site and the building of that all-important Memorial building.

Past discussions have brought out a number of arguments for two different sites but very recent developments in national affairs seem to point to the Marchbanks park location as a "natural." That is the lifting of home building restrictions with a resulting go-ahead signal for the long planned subdivision adjoining Daly City limits along the highway. Promoted by Henry Doelger, one project alone will see 4000 homes going up at prices ranging from $8500 to $20,000 and another sponsored by Stoneson Bros. plans approximately 1000 homes on property off Junipero Serra boulevard, both of these projects being within a few blocks of Marchbanks park. With these subdivisions will come new business enterprises and the need for expanded recreational facilities vitally necessary to the life of as fast growing a community as Daly City.

The wedge shaped section of Marchbanks park at the junction of North and South Parkside avenues seems a made to order site with a commanding position for the Memorial building in relation to the park as a whole. With the baseball diamond already there, a playground and perhaps tennis courts, horse shoe pits and similar sports facilities visualized for future development, one can see the Memorial building as a jewel ready to be dropped into a hand made setting. Club rooms, meeting rooms and lockers within the building so conveniently located to all parts of Daly City would soon draw various activities to this central point and the Memorial building would become in fact the hub of social life which is the way our War Heroes would want it.

There is no doubt that Daly City will wind up with a Memorial building eventually, but if the community as a whole, meaning every individual as well as organized groups, follows the lead of the boys in the Fire Department (who started this conflagration) and bear down NOW—the project can be pushed across the finish line—NOW.

Although the original plan was to tax us a mill on the dollar on $75,000 to derive from the San Mateo County budget, no provision has been made for the period up until June 1946 when the mill can be included in the county tax deductions. The County Planning commission framed an appeal to the Board of Supervisors to find a way to expedite this appropriation but to date no reply has been received from them. However, neither has anything definite been forthcoming from this side of the fence regarding the site. So it's six to one and a half dozen to the other. And that site matter, my little buds and blossoms, must be decided upon and put on record by next December.

The state will put up half the cost of the site but the state won't do anything about that until there is an actual site picked and the request for funds can be made in black and white, with details.

There seems little choice between a parksite with an ideal location on property already owned by the city and a bare rocky hillside, rought and unimproved, which would undoubtedly absorb far too much of any appropriation, what with excavating and leveling and rooting out rocks and then creating a suitable setting for such an important civic building. Unless, of course, somebody has an axe to grind and no one should have such a naughty thought.

Monsignor Tozzi Thanks Workers At Rationing Board

Monsignor Egisto Tozzi, chairman, and Mrs. Betty Robbins, chief clerk of the South San Francisco office of Price Administration, desire to express their appreciation and thanks to all of the patriotic and loyal Americans who gave so untiringly and generously of their time and efforts to the work of the board.

Volunteers have played a vital role in the success of the rationing and price control program.

The following paragraph written by the San Francisco District Director of OPA Robert B. Parks, expresses the sentiments of the district office as well as the local office:

"I have had occasion many times in the past to speak of our dependence on the integrity and splendid cooperation of the many thousand volunteers who have operated our War Price and Rationing Boards. Had we not received the support of these boards, we could not have succeeded in our work. Theirs was a herculean and thankless task. The nation is indebted to them, and I am humble in my realization of the debt that I, as district director, owe to these citizens."

The office staff would like to express their appreciation and gratitude to all the members of the board for help and guidance in difficult tasks.

To the many volunteers who gave so many hours in the issuance of gasoline, sugar, shoe and other rations, our sincere and grateful thanks for work well done and friendships made.

Tojo—Blood But No Tears

General Hideki Tojo, the little brown man with the black heart and yellow spine, was considerably less successful in committing suicide than he was in pushing his country toward national hara kiri through the Pearl Harbor attack and his conduct of the war effort against the United States.

No tears were shed for the Number One war criminal of Nippon—not even Japanese tears. He is detested as much in Japan as in America. His failure to commit "honorable" hara kiri immediately after he was dropped as premier has turned his own people against him. The hurried attempt to kill himself when about to be arrested did not restore any of his lost prestige. Actually, it lowered him still further in the eyes of the Japanese.

Ironically, American blood was used to save the life of the cruel little man whose treachery caused the decks of our gallant ships to run red on the "Day of Infamy." The American sergeant from whose veins a direct transfusion was made said he volunteered his blood so that Tojo "can get what's coming to him and suffer for making me spend 21 months in New Guinea, Moratai and the Philippines." There are many more American boys who, like the sergeant, want to see the score with Tojo settled—by a firing squad.

The sharp criticism which has been directed at the "botching" of the ex-premier's arrest appears justified. The list of Jap war criminals to be arrested was made public about four hours before American officers attempted to take Tojo into custody. This gave him ample opportunity to commit suicide or try a getaway.

In the future we had better arrest first and publish lists afterwards—unless advance notice is meant to encourage hara kiri and thereby "simplify" matters. We believe, however, that the American people want these criminals brought to trial, not permitted to take the quick way out.

Loan to Britain

It seems certain that whatever agreement is reached between our State Department and British representatives on a loan to Britain, that agreement will be in for a very rough trip through the halls of Congress before being approved—if it is approved.

Congressmen have let it be known that they and their constituents are getting tired of this idea of financing the world back to normalcy. Even if the spirit were willing—and it appears it is not—the flesh, or the pocketbook, is simply too weak. After laying more than $300 billion on the line as the "angel" backing the war extravaganza produced by Hitler and Hirohito and directed by Mars, the American people feel they simply can't afford to continue supporting the leading players now that the show has been closed by the atomic bomb.

What has also ired congressmen and citizens alike is the British attitude—unfortunately shared by too many other countries—that no matter how much we lend or give them we must still give them more.

As far as lend-lease is concerned we should write it off now and forget it. But in making loans from here on we should obtain such concessions or agreements as will produce tangible benefits for us.

'Twasn't Said

The pages of history are sprinkled with famous events and utterances involving the great and near great of other days which are now recognized as figments of imaginative minds rather than actual happenings or statements.

George Washington cutting down the cherry tree and then confessing with "I cannot tell a lie;" Abraham Lincoln, in answer to criticism of General Grant's heavy drinking, saying that he would send a barrel of Grant's brand of whiskey to each of his generals if he knew what brand it was; an American chaplain at Pearl Harbor saying "Praise the Lord and pass the ammunition"—these are conceded to be fascinating fictions rather than facts.

Now, on his release from a Jap prison camp comes Lieutenant Colonel James P. Devereux, who led the herioc defense of Wake Island in 1941, to deny that he ever sent the famous "Send-us-more-Japs" message when his garrison was desperately besieged.

Colonel Devereux gives a simple explanation why he didn't send it: He already had too many Japs on his hands and didn't want any more.

We'll wager, however, that in later years the "Send-us-more Japs" statement will be accepted as real. Some historians seem to feel that a good story should not be spoiled with the truth.

Song Without Words Now Playing at Curran Theatre

Among the few humans to whom the term genius can legitimately be applied, Peter Ilyitch Tschaikowsky holds a rare if not unique place, for his music enlists the enthusiasm of the amateur as well as professional music critic.

It is because of his universal appeal that the new light opera "Song Without Words," now at the Curran theatre, San Francisco, created such interest when Theodore Bachenheimer and James A. Doolittle announced the story was based upon a romantic interlude in Tschaikowsky's life. The composer met and deeply admired the French opera star Desiree Artot. Completely immersed in his music, he felt his sentiment and disillusionment when he discovered she loved his friend Steffan, Tschaikowsky destroyed the words to his song and renamed it "Chanson sans Paroles" from which the light opera takes its name.

Theodore Bachenheimer who produced the play conceived the idea for "Song Without Words" and presented his story to Frederick Jackson who wrote the book for which Franz Steininger, conductor and composer of note, assumed the difficult task of adapting Tschaikowsky's music to a light opera score. With orchestrations by Eric Zeisl and lyrics by Forman Brown, the result is one of the most brilliant scores ever heard in light opera. With opulent scenery and costumes designed by Harry Dworkin and Alvin Colt, Mr. Bachenheimer and his co-producer James A. Doolittle had only to choose their cast.

Using the same care shown in the other departments, they assembled a really remarkable group of singers, dancers and comedians. Margit Bokor who has sung leading roles with most of the European and American opera companies, plays Mlle. Artot, and John Shafer popular in both light and grand opera plays Steffan, her lover, while John Maxwell Hayes appears as Tschaikowsky. The famous and much-loved comedian Eric Blore is perfect as an opera manager. Max Willenz, Della Lind, John Pell, Leonore Rae, Eugene Dorian, Katherine Baker and Monroe Manning round out a cast of 100. Mia Slavenska, prima ballerina with Paul Petroff, appears in a special Anton Dolin Ballet.

Retractive Ray

The ancient Greeks believed that some kind of emanation, or rays, left the eye and that sight followed when the body rays touched an object, says the Better Vision institute. Modern science has shown that the process is the other way around. We see by the light rays that are reflected to the eye by objects.

Patching Porcelain

Some stores have a material for patching porcelain. It usually comes in collapsible tubes. If you are unable to find this, you might fill the scratches with plastic wood. This will shrink some and leave room for a finishing coat of exterior white enamel.

Nazarene Church In Contest With Oakland Church

Hear Ye! Hear Ye! All Sunday School children belonging to the Daly City Grace Church of the Nazarene. It's time to wake up and take hold of the attendance contest for East Oakland Nazarene church is away out in front ahead of you. As the score stands now it is Daly City Nazarene 114; East Oakland Nazarene 137. Last Sunday was the first contest day and it doesn't end until the last Sunday in October, so put on your thinking caps and help swell the Sunday school attendance for your own church.

The Sunday school that wins the contest will be given an award in religious merchandise and the teachers and officers of the winners will be entertained as the guests of the losing Sunday school and who wants to be the loser?

October is a special rally month in all Nazarene churches and Daly City Nazarene church will hold a giant rally at the close of the contest.

There is also another contest among the members of Grace Church of the Nazarene here in Daly City with an award similar to that offered for the inter-church contest.

Another important event was the pouring of foundations last Friday for the recreation hall which will be followed up during the coming week by the erecting of side walls and rafters. It's coming right along, boys and girls and will soon be ready. Painting has already begun on the main building which will be pure white.

Cub Pack No. 141 Holds First Meet Of Fall Season

Cub Pack No. 141 held their first monthly meeting since school opened, September 14, at the Grace Church of the Nazarene, Vista Grande and Santa Barbara avenues.

There is great activity and a strong drive afoot for new members to be organized into new dens, in this very busy organization. James Tiffany, Charles Olson and Harold Dimond are leading the field as recruiting cubs and have started a new Cub Den No. 3, with three Cubs to feather the new nest. They will meet at Mrs. Dimond's home, 610 San Diego avenue for the present. Many new cubs and cubbies are wanted in these groups and any Daly City boys up to 12 years old who want to join a den are invited to telephone Mrs. Dimond at Delaware 1282.

So many things are on the campfires that pack meetings will be held twice monthly until the dens are well organized. Meetings are scheduled for the 2nd and 4th Fridays, the next will be September 28.

Co. A, State Guard Non-Com. Officers To Meet Friday

Company A, 3rd Battalion, 23rd Regiment of the State Guard will hold their regular meeting of non-commissioned officers at 101 Parkview avenue on Friday, September 21 at 8 p. m. with Lieutenant Harry Pixton presiding.

It is probable that among matters discussed at this meeing some mention will be made of the new recruiting drive for 17 year olds to be taken into the California State Guard. This would be in line with the announcement from Sacramento by Adjutant General Victor R. Hanson that a statewide recruiting drive would be made as a result of the lowered age limit which became legal last September 15. Mayor Lapham has appointed a citizens committee, headed by Dan P. Maher and Merriel P. Cooley to direct the San Francisco phases of the drive which aims to bring the guard up to two full battalions. Fifteen hundred recruits are needed. Daly City 17-year-olds please take note.

The following Tuesday, September 25, Lieutenant Pixton and his men will gather as usual at 101 Parkview from where they will proceed to the Armory at Belmont for their regular weekly drill session.

The colorful porcelain stoves which prewar tourists used to admire in European museums and old castles, may be simulated to a remarkable degree by painting a cast iron Franklin stove with kitchen enamel in two or three colors—delft blue with a design picked out in white and magenta.

Conscientious Objectors

Conscientious objectors in the First World war totaled 3,989 in all camps, according to Encyclopaedia Britannica. Of these, 1,300 "accepted or were assigned to non-combatant service;" 1,299 were furloughed for alternative service; and 450 were sent to prison by courts-martial. The remainder were still in camps when the armistice was signed.

Girl Scouts To Make Scrap Books For Disabled Vets

One of the most sensible and progressive ideas for a contribution to Veteran's Hospitals has been initiated by Girl Scout Troop No. 2 for they are making scrap books of jokes, cartoons and very short stories for the amusement of the disabled vets, at various hospitals.

This innovation was started at the meeting of September 11 and the books were taken home by the girls to work on in their spare time. They will get credits towards their Red Cross badges for making these books which is a very commendable effort indeed. Their meeting place is at the Theta Club house at Theta avenue and Mission streets and Mrs. Louise Buttle is their leader.

A suggestion has been offered this group by someone who sent hundreds of clippings overseas and heard they were read and reread until they were tattered. A scrapbook of Walter Winchell clippings, Bob Hope clippings and the column of E. V. Durling called "On The Side" would receive a royal welcome from the veterans —and that's for sure.

John H. Sparks Returns From Overseas Duty

Solomon may not have been a prophet in his own home town but John H. Spark, a former Jefferson High school student and son of Mr. and Mrs. John H. Sparks, 316 Lowell street, Daly City found himself to be pretty big pumpkins when he arrived here last August 25 for a two weeks furlough. He was fresh from 25 months in the Asiatic Theatre of Operations.

The red carpet was out even if the fatted calf may have been missing (ration gripe) and he was given a royal welcome home. Spark entered the service on June 19, 1942, went through basic training at Monterey, California for three months, thence to Fort Lawton, Seattle, Washington for six weeks and boom he was off to the Aleutians where he was stationed on Umnak Island for 27 months. Pretty rugged, from all reports.

Leaving here September 6, he was to report to the Los Angeles Recruiting and Induction center from whence he would proceed to Fort Oglethorpe, Georgia to take 16 days preparatory training in recruiting.

Little Aids For Removing Stains

Carbon tetrachloride, chloroform, ether, gasoline, naptha and benzol are effective in removing common grease, cedar and vegetable oil stains. Use small amount of solvent at a time and work inward from outside of stain to prevent spreading.

* * *

Hydrogren of peroxide will remove the last traces of blood stains after cold or lukewarm water have first been used.

* * *

Raw starch mixed to a thick paste will remove blood stains from thick materials such as blankets. Apply thickly and brush off when dry. Repeat if necessary.

* * *

Wood alcohol with a little ammonia added will remove chocolate stains from most fabrics.

Brutt's Body Is Recovered at Martin's Beach

The final chapter was written to the tragic death of Alfred Brutt, 28, of Daly City, who was recently drowned while boating with a companion at Martin's Beach. Brutt's body was recovered last Tuesday, September 18, at 3:30 p. m. when Coast Guardsmen found it floating near Martin's Beach.

Funeral services will be conducted Thursday, September 20 at 2 p. m. from the mortuary of W. C. Lasswell and company, 6154 Mission street. The interment will be at Olivet Memorial park.

Brutt was the son of Mrs. Minna Brutt and the late Henry Brutt, brother of Mrs. Alice Warren, Mrs. Madeline Cole, Mrs. Helen Wieger, Mrs. Florence Kenny and Mrs. Evelyn Anderson. He was also a member of Carpenters Union, Local No. 2164.

Hanging Rayon

If a rayon garment is to be hung, it is better to hang it over the line so that the weight is even on both sides. Rolling it in a towel is more satisfactory than hanging it. If only a few rayon garments are being washed, this is easily done.

A PERFECT DATE DRESS, according to CBS' Patricia ("Five After the Hour") O'Hara, is this royal blue crepe from the fall and winter collection of Chicago Fashion Industries. Nailhead trimming forms the only pattern on the solid background. Notice the double peplum.

UNITED AIR LINES OFFERS JOBS TO WAR VETERANS

If you have just received your honorable discharge or are about to receive it, and are wondering what you are going to do in civilian life, you should consider the many opportunities United Air Lines offer men who are leaving the Armed Forces.

The fact is—your training and experience will help you "go places" in this rapidly growing industry. And there certainly is a future with United . . . expansion plans for the next five years call for operations three times as great as now.

Among the positions open today are mechanics of all types, radiotelephone operators (ground), station agents, ticket agents, clerical workers, stock clerks and supply men, commissary cooks and bakers, and many others.

To promote the welfare of its employees, United maintains an unusual program consisting of many benefits, services, and privileges.

Apply at United Air Lines—San Francisco, 421 Powell Street, or San Francisco Airport, Bayshore Blvd. at San Bruno Ave. Write if it is not convenient to call in person.

Frank Rehe Is First to Handle 91-Octane Gasoline

You'll be traveling in fast company if you pep up your tired motor with the new 7600 Aviation gas, otherwise known as 91 High Octane, available Saturday, September 22 at Frank's Union Service station, corner of Mission and Flournoy streets, Daly City.

Frank's is the first to land on the civilian beach head with one of the first scarce commodities to be released for civilian use. But that will be nothing new to local citizens, for Frank Rehe has a well known reputation as a "front runner" and is usually right out there with anything new in service or commodities.

If a word to the wise is sufficient, car owners will heed and profit by Frank's advice regarding the use of this new and extremely high powered motor fuel. "In the first place" says Frank, "this gas is only for high compression motors or cars that have been out since 1940. Next, if the motorist does change from the inferior gas that has been on the market to 7600 Aviation, he should have his carburetor reset and his motor turned up to get rid of the effects of the old gas and get his motor off to a clean start with the 91 High Octane.

First again in another department, Frank's has a good line of new tires, new tubes and accessories of various kinds and a far more complete assortment than many downtown dealers. "So long as you have your certificate," says Frank, "you can roll right into the station and boom, you have your tires."

Frank's has complete facilities for motor repairs, stop wear lubrication and a mechanic on duty daily.

Women of Moose Plan House Party

A house party with specially planned refreshments and dancing will be held by the Women of the Moose at the home of Mrs. Eva Haverlock, 1555 Cayuga street next Saturday evening, September 29.

There will be a nominal fee for admission as the group is self-supporting. Chairman Edna White and her committee are building up plans for a splendid regular meeting at Odd Fellows hall on Seventh street, September 27 at 8 p. m. A group of candidates will also be initiated as members of Women of the Moose on Thursday night. The meeting will be rounded out with attractive refreshments and coffee.

Staff Sgt. Cullen Now Home After Honorary Discharge

Well over three years of Army service here and overseas brought a number of laurels to Staff Sergeant Robert E. Cullen jr. a Daly City lad who was discharged from the Army with honors last September 9. He is the son of Mr. and Mrs. Robert E. Cullen sr. of 491 Templeton avenue.

Readers of the Daly City Record have followed his fortunes through many campaigns since his departure for overseas duty. Cullen entered the service on July 16, 1942, had his rigorous basic training at Kearns, Utah and embarked for overseas January 10, 1944. A vetern of the European, African and Middle Eastern theaters of operation, Cullen wears campaign ribbons which witness a rugged career with the 437th Airborne Troop Carrier group and 7 stars for seven carrier sorties in enemy territory. These were in Normandy, Rome-Arno, Southern France, Northern France, Ardennes, Central Europe and the Rhineland. He also has the coveted Presidential Unit Citation and a good conduct medal.

In charge of the operations department of his organization, Cullen's group were cited for successful drop operations in Normandy on D-Day and made aerial history during the Rhine Airborne Troop assault on Wesel, Germany, as the first troop carrier unit ever to fly a double glider-tow into combat.

On returning to the States, Cullen first arrived at Hunters Field, Savannah, Georgia from where he went to the Port of Embarkation at Charleston, South Carolina, then to Camp Beale, Marysville, California and home to Daly City and "the folks."

Milo C. Hume Receives Discharge From Army Service

Mr. and Mrs. C. Hume of 544 Bellevue avenue, Daly City welcomed their son Technical Sergeant Milo C. Hume to the family circle after his discharge from the Army on September 9.

He was flown to Miami, Florida, from overseas, as part of the "Green Project" which calls for the Air Transport Command's Caribbean Division to fly 30,000 returnees from Europe to Miami Army Air Field each month. Hume, aged 31, was with the 1110 Quartermaster Air Service Group of the Air Corps Quartermaster Corps.

Twenty-four hours after arriving in Miami, his group left for Camp Blanding, Florida, by rail from where they were deployed to reception centers nearest their homes. Hume's last theatre of operations was the Mediterranean Area where he was stationed in Italy.

Separating Lettuce

BELL SYSTEM
THE PACIFIC TELEPHONE & TELEGRAPH CO.
AMERICAN TELEPHONE & TELEGRAPH CO.

WE ARE ON OUR WAY

The peak of our Company's telephone shortage was in August. Then we had about 305,000 unfilled orders for service of which more than 298,000 were for service in residences.

More orders come in every day, but now we are installing telephones faster than the new orders come in. We will get 80,000 telephones from July to December 31 this year, and 80,000 in the first three months of 1946.

Western Electric, our manufacturing company, is setting up every machine it has that will make telephone equipment.

In the next 12 months the Bell System expects to install more telephones than there were in all of France and Belgium before the war.

Even that will not give service to everyone who wants it in that time. There are places where we have complicated switchboards to install—even places where we must build new buildings for the new switchboards. While there were in August more than 123,000 unfilled orders due to lack of telephone instruments, there was a greater number, about 164,000, unfilled due to shortage of central office facilities.

But we are on our way to give service to all who want it—on our way to restore Bell System standards of service and raise them even higher. We are turning our facilities back to civilian service just as fast as we turned them to the instant needs of war.

IOWA VEGETABLE PUDDING

- 2 eggs
- 2 cups milk
- 2 cups cut-up cooked vegetables such as carrots or green beans; corn, peas, etc.
- 1 tsp. salt
- ⅛ tsp. pepper
- 1½ tbsps. melted butter or margarine
- ½ cup finely chopped green pepper
- ½ to 1 cup grated cheese

Beat eggs; add milk, vegetables, seasonings, and butter or margarine; mix well; add green pepper. Pour into well-greased casserole or baking dish; sprinkle with cheese. Bake in pan of hot water in moderate oven (350° F.) about 45 minutes, or until silver knife inserted in center comes out clean. Serve topped with strips of fried luncheon meat or creamed left-over meat or chicken. Serves 6.

GARDEN POTPIE

- 4 tbsps. shortening
- 4 tbsps. flour
- 1½ cups milk
- ½ cup liquid from mushrooms
- 1½ tsp. salt
- ¼ tsp. pepper
- 1 4 oz. can button mushrooms
- 2 cooked carrots, cubed
- 6 small onions, quartered
- ½ cup cooked string beans
- 1 cup whole kernel corn
- Biscuit dough

Melt shortening, blend in flour; add milk and liquid gradually, stirring until smooth. Add seasonings, mushrooms and cooked vegetables. Line sides of casserole or baking dish with biscuit dough; add vegetables; top with crust. Bake 10 minutes in hot oven (450° F.); reduce heat and bake 25 minutes, or until done, in moderately hot oven (400° F.). Serves 6.

DEEP DISH APPLE PIE

Pastry
- 2 cups sifted all-purpose flour
- ½ tsp. salt
- ⅔ cup shortening
- 4 tbsps. cold water

Filling
- 1¼ cups sugar
- 1 tsp. cinnamon
- ½ tsp. nutmeg
- 2 qts. sliced apples
- 2 tbsps. butter or margarine

Sift flour with salt. Cut in shortening. Add water gradually, mixing lightly with fork just until mixture holds together. Press into a ball. Roll out on lightly floured board to ⅛-inch thickness; line sides of deep 8-inch baking pan. Combine sugar, cinnamon and nutmeg, then mix well with apples. Arrange in pan, dot with butter or margarine; cover with square of pastry which has design cut in top to allow steam to escape. Bake in hot oven (450° F.) 15 minutes; reduce to moderate oven (350° F.); continue baking an additional 50 minutes.

American Legion Plans Christmas Committee for Vets

Inaugurated by representatives of the more than 2,000 members of the American Legion and its auxiliaries in San Mateo county, preliminary organization of the Veteran Hospitals Christmas committee for San Mateo county has been set in motion.

Purpose of the Veteran Hospitals Christmas committee is that of remembering. Remembering those American boys who became fighting men in the service of their country, those fighting men whose health is now broken, whose arm or leg may be missing, or one of the blind at Dibble, and who are now in veteran or service hospitals — remembering them at Christmas.

The organizational committee will, in the near future, call a county-wide meeting at a date and place to be set, for the purpose of coordinating the activities of many organizations, service groups and leading citizens in the perfection of a co-related move to remember the more than 5,000 veteran patients in the three San Mateo county veteran hospitals on Christmas. It is planned to have World War II veterans take an active part in the Christmas remembering plan.

Calumet Council Celebrates Return Of Their Delegates

Celebrating the return of their delegates headed by Rose Peters and Emma Matheson from the state convention held in San Francisco, August 20 to 23 inclusive, Calumet Council No. 66, Degree of Pocahontas held an interesting meeting Tuesday, September 11, at the Swedish-American hall, 2174 Market street.

One of the important honored guests was District Deputy Hazel Shirman who was elected Great Minnehaha at the state convention. Specially selected gifts were presented to each of the three delegates present and a real old fashioned banquet followed the meeting.

The council's next regular meeting will be held at Swedish-American hall on Tuesday, September 25 at 8 p. m. All members are urged to attend.

Boy Accidentally Shot by Companion Near Camp Daly City

There goes that song again might well be a doleful repetition of that old refrain—two boys and a gun and an accidental shooting. The injured lad was Jerry Wise, 17, of 19 Guttenburg street, San Francisco who hied himself to the hills near Camp Daly City. With him was his friend Al Neto, 16, 59 Guttenburg street and a Remington single shot .22 rifle and they were heading for target practice.

They stopped at the road entrance to the Daly City Army Camp to chat with John Lope a resident of that area, according to Constable Krehl who handled the case. Corporal John Destefan stationed at the camp approached just as Neto, standing to the right of Wise, accidentally tripped the trigger while fooling with the gunstock. The gun went off to send a bullet ploughing through both of Wise's legs above the knees.

Corporal Destefan rushed the boys to Daly City police where they were turned over to Constable Krehl who promptly had Officers Henry Sunderman and R. Beecher take Wise in Car 365 to Alemany hospital. From there he was transferred to Mission Emergency hospital.

Al Neto, absolved of any intent to harm his friend was released into the custody of his mother, Mrs. F. Lang, 59 Guttenburg street, San Francisco.

Assistance to USO And Red Cross Given By Girls of Troop 1

Twelve meetings were held during summer vacation by the girls of Scout Troop 1 in order to keep up their war work. They worked consistently from 1 to 3 the afternoons of their meetings in addition to volunteer time they put in at home. Three hundred paper ornaments, 12 Christmas card joke books, 24 party baskets, 24 party hats and 24 party masks were made for the Junior Red Cross in San Francisco to be sent overseas. The girls also made 12 scrapbooks for the USO. These busy little workers were Phyllis Blackburn, Beverly Bruch, Beth Calvin, Adele Hansen, Eleanor Henzi, Beverly Nagel, La Verne Nagel, June Precott, Alice, Christine and Eleanor Quickert, and Janet Reyner.

Troop 1 held their first regular meeting since school opened on Thursday, September 13 and the girls related many experiences at Camp Monte Toyon and wish to express a vote of thanks to the leaders who so kindly gave their time and to the Daly City-Colma Girl Scout Council for giving them the opportunity to enjoy the camp. They carried away many happy memories to remember through the coming year.

A folk dance is now being worked up as a part of the All-Troop Festival slated for late in October, and tentative plans are being made for the annual Christmas party.

"BURIED TREASURE"

cried Mr. A. After he had cleaned out the cold-air return of his furnace (or could be a Floor Furnace)

Mr. A's findings were:

1 TWO HAIRPINS
2 FOUR PENNIES
3 TWO XMAS SEALS
4 THREE BUTTONS
5 TWO TOKENS
6 TWO MARBLES
7 TWO BOBBYPINS
8 ACCUMULATED SAND, SOIL, LINT AND DIRT

HAVE YOU cleaned up your heating equipment for winter use?

Mr. A has just finished a household chore he will be bragging about for months to come. He will have a right to brag, too. More than just discovering "buried treasure"—he will get more heat all this coming winter and heat will be coming through his furnace faster and Mrs. A. will have less frequent dusting to do about the house.

Take a "look-see" at your heating equipment. Lift off one of the furnace floor-grills and let your conscience be your guide.

If you have a blower-type furnace, give the motor and fan shaft a few squirts of oil. Put in new, clean filters. Your heating dealer has them in stock. They cost little. They are not scarce or rationed.

Court of Honor At Pabst Home For Girl Scouts

Mrs. Muriele Pabst, leader of Girl Scout Troop No. 5, held a court of honor meeting for the group at her home, 132 Oliver street on Friday, September 14. Aiding her was Assistant Leader Mrs. Cecelia Hale.

An informal discussion of troop activities was held among the girls, headed by the troop chairman, Dianne Hale. Patrol Leaders Joy Verdoia, Mary Alice Coverdale and Evelyn Madringo were present as were Scribes Betty Marsh, Marianne Costello and Carolyn Salogga.

Among future events taken up by the group was a proposed play titled "Cinderella" to be presented on September 25 by the girls who went to Monte Toyon.

OFF THE BLOTTER

It's hard to tell where the boundaries of an officer's duty are in a community like Daly City for the law is "Mama and Papa" as well as the custodian of public morals and there's no telling what a man may be called upon to do.

Stolen cars are a perpetual headache for one thing. There was the report from Elsie Atkinson, 435 Niantic avenue, Daly City that her Buick had been stolen in San Francisco, September 6. The long arm of the law followed it to Los Angeles where it was picked up and its unlawful occupant landed in the jug. He was Richard C. Cannada, 25 and faces a term for auto theft.

Another car, a Chevy 4 door sedan was reported stolen by Frank Graff, 1770 Broadway, San Francisco. It had been parked in front of Hilltop Lodge, missed at 2:40 p. m. and was recovered by 3:30 p. m. Record time.

The innocent enough car borrowers are another item. A Mr. Garibaldi, 3348 San Jose avenue, phoned in an SOS for his missing Pontiac sedan not in his garage where it belonged. Later a friend of Garibaldi's came trailing in with it, having just neglected to mention that he was taking a run down the street in it.

Edward E. Roberts, 270 Vista Grande avenue went to the Daly City theatre and came out to find that someone had "lifted" his front bumper.

Mr. Fisher of 961 Hanover street appeared at the station to report his son David, 15 a student at Jefferson High school, missing on September 13 and a teletype broadcast was sent out after him.

A hurry-up call from a frantic mother sent Officer James Welsh to the rescue of 5 year old Dale Thurston, 531 Hanover street. He had been bitten on the upper right thigh by a dog and had to be taken to Alemany hospital.

"Rebecca" Playing At Geary Theatre

Reversing the customary procedure of the entertainment world which has held persistently to the convention that motion pictures are made from plays and not plays from films, "Rebecca"—the stage version of Daphne du Maurier's best seller—is currently attracting wide public attention at the Geary, giving nightly performances, including Sundays, and matinees on Saturdays and Sundays, with Diana Barrymore and Bramwell Fletcher co-staring as Mrs. de Winter and her husband Maxim.

There is little need to tell the average reader about "Rebecca" for the tale of the unhappy second wife, the mysterious husband and the grim and terrifying housekeeper is one of the best known narratives of our times. It could even be said that the mansion where the action takes place is known by name to millions; the great house called "Manderley," scene of most searching drama.

In condensing the novel into three acts and six scenes, Miss du Maurier accomplished an expert dramatization and included all the important and exciting episodes in the book. The play ran for two years in London and was as great a success on the stage as on the screen. During the last year "Rebecca" has proved one of the most popular theatre offerings in Eastern key cities, and is duplicating its success on the Pacific Coast.

Ethel Griffies, as the sinister housekeeper, Mrs. Danvers, heads the New York supporting cast which includes Claude Horton, Evan Thomas, Edward Cooper, Joan Croydon, Jacqueline Max, Guy Spaull, Donald Keyes, Trevor Tremain and Kenneth Treseder.

The original New York production will be seen here.

MEMORIAL SITE

Continued from Page One)
Keep it shady mates, it's only a rumor.

Already an architect has been contacted to quote approximate costs and make tentative plans, but how can an architect be expected to plan a building unless he knows what kind of location he is designing it for? It doesn't make sense, as the old folks say.

It has been reported that the site committee pow-wowed with the council following their regular meeting and were informed by the mayor that application is to be made for state funds to assist the site purchase. Backed by recent news that the federal government is speeding millions to San Francisco and vicinity for housing and building purposes, this seems like the well known psychological moment to strike—while the iron is hot. The long hibernation of Daly City's future is about to end and the waking up process for business and civic expansion must be quick and positive. Going on record as the first city to erect a War Memorial building in this neck of the woods wouldn't be a bad start —not bad at all.

The War Memorial committee is sending out an urgent call for all organizations to attend the next meeting September 24, which will be with the Daly City Council for the purpose of tying up loose ends. The executive committee, meeting on September 26, wants everyone interested to turn out for this gathering and take an active part in the Memorial project. Now is the time to go into action. All the necessary elements for a successful conclusion to this drive are falling into place and it will just take a concentrated community push to swing it over the hump. Just teamwork in the manner of the War Heroes whom we want to commemorate, to win the War Memorial building.

Sgt. Kirkpatrick Receives Discharge From Army Service

Camp Beale, Calif., September 13 — Sergeant James W. Kirkpatrick, son of Mr. and Mrs. James T. Kirkpatrick, 199 Whittier street, Daly City, has been honorably discharged from the Army, it was announced by separation center officials here today.

Sgt. Kirkpatrick entered the Army in November, 1942 and prior to his release was assigned to the Pacific Overseas Air Technical Service Command, Oakland, Calif., in the military personnel section.

Fur Producer

Louisiana is one of the greatest producers of animal fur on the continent. Alaska, acknowledged to be one of the most important fur-producing regions, is a fairly good section to make comparisons. Alaska is one-thirteenth the size of Louisiana, yet the volume of marketable furs yielded in this state each year is three times that of the northern territory.

Jeff Enrollment Shows Gain Over That of Last Year

Six hundred and fifty young people enrolled in Jefferson Union High school during the opening week, September 10 to 14. Continued growth is expected during the next three or four weeks.

Industrial classes, including auto mechanics, wood shop and mechanical drawing have been especially popular. So, too, have bookkeeping and mathematics courses.

Miss Dorothy Schupp has been added to the faculty, on a substitute basis, to help care for the increased enrollment in mathematics. Miss Schupp will teach algebra, general mathematics and one section of English.

The present enrollment is slightly higher than that of last year and it is thought that during the coming term there will be less inclination for students to quit school and go to work in industry.

Almquist Family Vacation In Portland

Even the manager of a Safeway Store rates a vacation once in a while, in spite of war born headaches designed to tie him down, thinks William Almquist, manager of the Daly City Safeway store on Mission street.

So he gathered up his wife and daughter Penny Diane and hies them all off to Portland, Oregon for a two weeks visit with Mrs. Almquist's parents, Mr. and Mrs. Flether of that city.

The Almquists reside at 543 San Diego avenue, Daly City.

Jefferson's football squad, some 50 strong, turned out for first practice last Monday. Coaches Frank Kamm and Victor Binsacca are making no guesses on this year's team. Both coaches are new in Daly City and much of the material is untried.

Elman Rose is working with a large group of basketball hopefuls and keen competition exists for places on both the 110's and 120's, whose league season is a fall activity.

Dutch Whist Is Highlight For Sewing Group Meet

A Dutch whist party highlighted by a delicious and original luncheon marked the September 12 meeting of the Vista Grande Camp No. 6035 Sewing group of the Royal Neighbors of America.

Ladies who gathered at the home of Anna Romer, 87 Shakespeare street, Daly City were:

Johanna Hedvall, Lillian Gray, Mattie Putnam, Cora Ray, Annie Smith, Marie Thompson, Agnes Wood, Marie Rucker, Jessie Blomseth, Laurette Bertelli, Emily Mon-Santo, Lillian Kraft, Helen Specht, Elizabeth Sorensen and Grace Coolish.

Milk Quality

Clean, sterile utensils, prompt cooling of milk or cream, and keeping milk and cream cool until marketed are key factors in maintaining high quality.

Reverend Willis Announces Themes For Sunday Services

The Sunday morning and evening program for next Sunday, September 23, has been announced by Reverend Dr. Willis, pastor of the Ocean Avenue Presbyterian church, Ocean avenue at Mission street, as follows:

The morning sermon will have for its subject "The World For Christ," and there will be a solo by Miss Ina Sherman. In the evening the sermon will be on the subject of "Joy." All church members are urged to attend and are invited to bring any friends who wish to come.

Brownies of Troop 10 Plan Saturday Hike

A hike with a wiener roast on the other end of it will take the girls of Brownie Troop No. 10 to the day camp known as Camp Mattrup on Saturday, September 22. Is it the hike or the wieners that puts so much mustard into that Brownie Troop No. 10?

THE ROAD AHEAD IS BRIGHTER!

America has rounded the great bend in the highway of war, and the road ahead is bright with hope and promise. Highways will soon be happy ways again.

Instead of leading to battlefronts and dangers, highways will lead to home—to old friends and new happiness.

And that's where Greyhound will be proud to round out its immense wartime job—by re-introducing service men and women (and travel hungry millions at home) to the land they fought for, the land they love.

With the lifting of wartime restrictions, Greyhound will further improve its service. More schedules will be added, giving greater frequency and offering more convenience. Newer buses, modernized terminals, new high standards of highway travel are now on the way. Look ahead with Greyhound!

Good News From The Rationing Front

Good news on the easing of ration headaches comes from various sources this week and points to an early return to something like normalcy. Housewives who are speculating on what a wonderful day it will be when they won't be handcuffed by points when it comes to buying meat for their families, are looking hopefully towards October 1 for some relief.

Reports from Washington seem to indicate that it may take a little longer to work the problem out. Three complications described as "tough" by government food officials are cited as follows:

1. Incomplete information on foreign requirements.
2. How to remove meat from the red point program without sabotaging the rationing of fats and oils which must remain on points for some time longer.
3. Fear that unrestricted meat buying might result in poor distribution and new black markets.

At any rate, whether it ends on October 1 or a little later, at least we know that the end is in sight and that is more than other nations can hope for.

More scarce items earmarked for the Navy have been released by them as not needed under present conditions. These include 45,000,000 packs of chewing gum, 23,500,000 cartons of cigarettes (and by the way, doesn't it feel funny to walk in a store and get any brand of cigarette you want?), 51,000,000 cigars, 70,000,000 candy bars, 15,00,000 tins of salted peanuts, 1,000,000 bottles of shaving lotion, 14,000,000 bars of soap, 450,000 pounds of soap chips, and 28,000,000 bottles of soft drinks. All these items diverted to civilian consumption will make a lot of difference in our ration nerves.

Travel, too, came out from under restrictions and the new freedom will go into effect on October 1, according to the ODT. This means that individuals may travel at will, speed limits which held traffic at a more or less snail's pace of 35 miles per hour have been removed, and the various conventions which have been cancelled by fraternal and other organizations now may be picked up from where they were dropped when travel restrictions were kept in force. Buses will not be required to carry standees but whether there will be any direct action taken to enforce such a ruling is not known.

It will take a little while for the self-disciplined American public to get accustomed to freedom in buying but it is a certainty that such freedom when it does come will be truly valued and appreciated. Our pioneer forefathers used to say that yau never miss the water till the well runs dry.

Names Chairmen For Coming Term Of Legion Auxiliary

With the new term beginning for American Legion Auxiliary, Daly City Post No. 410, President Julia Jordan started operations with the appointment of a new group of officers last September 5.

Her choice as chairman were: membership, Olga Bordson; poppies, Vivian Pahlka; rehabilitation, Mary Crane; war activities and child welfare, Doris Davis; community service, Kathleen Matzek; education, Marcie Trier; Americanism, Catharine Foreman; Pan-America, and national defense; Naomi Murphy; legislation, Gertrude Rich; music, Gertrude Gehringer; radio and national news, Margaret Kenny; publicity Marcie Trier; motion picture and juniors, Inez Shreve.

On the committee on by-laws are Margaret Kenny, Vivian Pahlka, Catharine Foreman and Naomi Murphy. Special committees to meet special problems were also appointed and the chairmen are: ways and means, Ann Welsh; parliamentarian, Margaret Kenny; liaison officer, and past president's parley, Leslie Hansen. Louise Cook is chairman of the sunshine committee.

Next event of moment on the Auxiliary calendar will be a pot luck dinner to be held at the Legion hall, 474 San Diego avenue on Saturday, September 22 at 7:30 p. m. for members of the post and auxiliary and their friends. A large attendance is expected.

Scouts Hold Monthly Forum Meeting Sept. 17

The suburban districts of the Boy Scouts of America held their monthly forum meeting at the home of District Commissioner Joseph A. Powers sr., 538 Winchester street, Daly City on Monday evening, September 17, the main topic being the camporee to take place at Pine Lake park on Saturday and Sunday, September 28 and 29.

The San Francisco area council anticipates the attendance of between 1600 and 2000 boys to participate in the events. The public is invited to witness the execution of these events by the Boy Scouts, Sea Scouts, Air Scouts and Explorer Scouts. On Sunday afternoon, September 29 the Cubs will participate in the events they

Plans are being made for the major in.

District Court of Honor which will be held at Jefferson High school, Wednesday, October 17.

Those attending the forum meeting were J. Thomas McFadden, senior field executive; Leonard W. Hunting, director junior Red Cross, S. F. chapter. Hunting gave a very inspiring talk. Others were Reverend C. D. McKisson representative of Troop 141; Jack Crebosky, scout master Troop 134; Fred Schmidt, cub master Troop 134; Mel Battye, skipper Ship 144; Al Zwssig, scout master, Troop 148; John O'Leary, chairman Troop 148; Robert E. Byrne, neighborhood commissioner and Joseph A. Powers, district commissioner.

It's a Happy Time For Da Rosa Family

Cloudy Daly City has a silver lining for one happy family for a double ray of sunshine came through to Mrs. Ernest Da Rosa, 338 Irvington street all in a couple of weeks. Her husband returned from the Army, discharged after four years and five months service overseas. He was released on August 29 with a total of 86 points. July 1, 1944 Da Rosa came home on a 15 day furlough and married Lucy Fahey daughter of Mr. and Mrs. John J. Fahey sr. on July 5, 1944. Soon after returning to duty he was assigned permanently as an instructor at Camp Roberts.

It was just in the nick of time, his homecoming, for he arrived in time to welcome his new baby daughter, Joan Veronica who was born at the Children's hospital on September 12, and weighed in at 7 pounds 11 ounces.

The senior John J. Fahey is well known here as the former mayor of Daly City.

Big Brother

A beaver is the largest member of the rodent family.

Spring Thaw

Thawing of the soil in spring takes place both from above and below. In view of the fact that the soil just below the frozen layer is considerably above the freezing point, thawing from below may be relatively rapid.

Rabies Cases

Cases of rabies in the U. S. have been increasing rapidly in the last two years. A total of 7,165 cases of rabies were reported in 1942 but the total had jumped to 10,540 in 1944. The totals included 28 human beings in 1942 and 53 in 1944.

Farm Production

Agricultural products produced during 1944 included such record-breaking totals as 155,000,000 head of livestock, 119,000,000 pounds of milk, 13,500,000 tons of commercial truck crops and the harvest of over 97,000,000 acres of corn and 110,000,000 acres of wheat, oats, rice and soybeans.

Optical Literature

The first book devoted wholly to spectacles was published in Spain in 1620. The first English work on spectacles was published half a century later.

Mrs. America Meets the Peace...

Hard-to-get chickens will soon be much easier to find in the meat markets and poultry stores. This is the time of the year when farmers cull their flocks and sell broilers, fryers and stewing hens which they don't wish to keep in their laying flocks too, the needs of the armed forces are reduced, so fewer chickens will be set aside for that purpose. These two factors—the seasonal increase in poultry marketing, and more of the available supply for civilians — will make meal planning a little easier for Mrs. America.

* * *

Many a busy housewife finds relaxation in the middle of a busy afternoon with a cup of hot tea—or iced tea in the warm summer months. Tea-drinkers will be interested to know that tea supplies are almost normal now. Distribution controls are no longer needed and restrictions have been lifted on the size package sold and amount which could be distributed for civilian use. This applies only to black tea, however, green tea imports have not been resumed as yet, and there is no civilion supply.

* * *

With the removal of rationing on processed foods, canned vegetables will figure more prominently in Mrs. America's meal-planning. There will be very good stocks of beans, corn, peas, and tomato juice, and more lima beans and carrots than we had last year. There'll be more tomatoes, but still the supply won't be as much as is normally consumed. Asparagus, sauerkraut and spinach will be in smaller supply than last year.

Sgt. Stampanoni Leaving Manila, P. I. And Coming Home

There won't be any Christmas packages going to Sergeant Angelo Stampanoni, 98 San Pedro road, Daly City, because the sergeant will be home to open his presents under his own tree.

In a telegram received by his mother, Mrs. Angelo Stampanoni, and dated September 12 from Manila, he stated that he was all in one piece, starting for home and would dock at San Francisco. He has been in the service about three and a half years and all but about three weeks of that time he was overseas. He wears the American Theatre and Asiatic Theatre of War ribbons, a combat infantry badge, a good conduct medal and has three bronze stars for participation in the battles of Guadalcanal, Villa La Villa, and the Balete Pass, Luzon. These were all very rugged zones of warfare as everybody knows.

His homecoming will be marred only by the absence of his father, the late Angelo Stampanoni sr., who passed away June 16, 1945 during his son's absence. Stampanoni jr. is a Jefferson High school graduate and served as a fireman with Company No. 6, DCFD.

Firemen Called To Extinguish Several Grass Fires

Firemen have to find out how the wind blows the hard way, so to speak, for it brings on their usual quota of grass fires.

Fire alarm box 24 got a call from the local police station last Monday to put out a grass fire in a vacant lot at Knowles and Santa Barbara avenue. Company No. 2 responded. The day before there was another grass fire at the rear of Jefferson High school early in the evening. This fire brought out Companies 1, 2 and 6 who quickly controlled the blaze. That was the second fire for Jefferson High school in one day for at about 1:30 in the afternoon Companies 1, 2 and 6 had been called out on account of a burning dump in back of the school.

Companies 1 and 2 put out a roof fire in answer to the call of William Clark, 251 Wellington avenue, who reported the blaze burning at Wellington avenue and Hanover streets.

Weekly Doings At D. C. Theatre

There's a lot of local color blazoned in the technicolor brillance of "Nob Hill," featuring George Raft, Joan Bennett and Vivian Blaine in a turn of the century romantic triangle set in riotious San Francisco. Fists fly in a spirited feminine battle as a high spot, and Vivian Blane's singing is the kind you remember. Nob Hill plays at the Daly City theatre Thursday, Friday, Saturday, September 20, 21, 22, along with "Caribbean Mystery" a rugged companion feature with bullets and knives whizzing through the tropical night and plenty of scares and close shaves for mystery addicts.

Popular Robert Young who usually plays the hero's best friend steps out in a new and provocative role as a "curly wolf" flyer who has his wings clipped by Larraine Day in "Those Endearing Young Charms" coming to the Daly City theatre Sunday, Monday, Tuesday, September 23, 24, 25. Tom Conway sheds his Falcon feathers to play the role of a man who loses his memory, runs into a murder and a romance with a lady cab driver who is Ann Rutherford in "Two O'Clock Courage." It's a good bill and well balanced for a few laughs and a dash of chills.

"The Whistler's Mark" needs no introduction for those who follow the series and this one's new. It will play on Wednesday only September 26 and the whole bill is a little shorter than usual so you can see the first show by 9:30. The "Trail of Kit Carson" with Alan Lane is a fast moving Western on the same ticket, packed with thrills, chills, fisticuffs and gunplay and the hero has brains as well as brawn. Well worth your time.

In the great Humphrey Bogart picture titled simply "Conflict" is a story completely out of the ordinary, well cast and completely absorbing. It's realism without hokum and takes you over new paths in the tremendous egotism of a murderer's mind. Another perfect crime punctured, and Sidney Greenstreet, famous as mystery's "fat man" has an important role. As a contrast to this intense drama billed for Thursday, Friday, Saturday, September 27, 28, 29. Ann Miller sings her way through a light and entertaining "Eve Knew Her Apples" and the show is completed with various short subjects.

Rx *How much should you pay?*

● The pricing of prescriptions should never be a guessing game. And it isn't, here. To the accurate cost of ingredients, we add the time of a skilled registered pharmacist, plus a determined percentage for overhead (small, because of our large volume). Then a modest profit. This fair, uniform price assures satisfied patrons. Why not bring your next prescription to this "Reliable Prescriptions" store?

Chairmen Named To Assist In Local War Chest Drive

"Don't let down and don't let up" might be the slogan for the vigorous group behind the present War and Community Chest drive which is headed in Daly City by Mrs. Muriel Pabst, local chairman.

The drive, which will begin a county wide sweep on September 25, aims to build up a substantial fund to be drawn upon by both local and national agencies. Services such as the USO and United Seamen's Service are among the national groups included while among local ones are YMCA, Girl and Boy Scouts, the County Blood Bank and Associated Catholic Charities, a varied and worthwhile group.

Mrs. Pabst has appointed a specially selected group of co-chairmen with whom she wants anyone who wishes to volunteer help in this important drive, to communicate. Their names, addresses and phone numbers are as follows: Mrs. R. L. Crane, 140 Woodrow street, Randolph 6479; Mrs. E. E. Rowley, 19 West Cavour street, Elkridge 4042; Mrs. E. S. Heagney 117 Miriam street, Randolph 8380; Mrs. Earl Proschold, 333 San Diego avenue, Elkridge 1820; Mrs. Dorothy Erickson, 251 Los Banos avenue, Juniper 4-6620; Mrs. W. Lehigh, 563 Crocker avenue, Elkridge 2822, and Mrs. Hazel Marsh, 301 Wellington avenue, Randolph 0690.

Volunteer workers are badly needed says Mrs. Pabst and we will greatly appreciate the help of anyone who wants to aid this group in the interest of Daly City.

First Scheduled Broadcast

In 1920, Dr. Frank Conrad, a Westinghouse engineer, broadcast the Presidential election returns from the radio station, KDKA, in East Pittsburgh, Pa. This was the first scheduled radio broadcast in history!

Painting Time

Paint authorities point out that exterior painting should be done only in dry weather, and when the thermometer registers at least 40 degrees. Cold weather and moisture are apt to interfere with getting results.

New Poultry Store Now Opening At 6261 Mission Street

When a hen cackles because she has laid an egg(it has been called a form of feathered advertising and this might easily develop into a noisy affair at Fred Ligouri's new Poultry store, 6261 Mission street, just below the post office, because he is going to feature a stock of live chickens. Any eggs would be purely accidental for he does not plan to carry them until later on in the year when he has made arrangements to have fresh ranch eggs brought in from Petaluma, California.

A good supply of turkeys will be on hand at most all times and all poultry will be dressed on the premises. Chickens and turkeys are strictly grain fed and guaranteed to be of the highest quality. Ligouri should know his hens and gobblers for he has been in the poultry business for 18 years in and around San Francisco.

Ligouri is no stranger to Daly City as he liced here on Shakespeare street for eight years up until 1938 while employed at a San Francisco poultry house and he married Dolly Continolo of 439 Evergreen avenue, here.

The Ligouris plan to move to a home on Evergreen avenue when Mrs. Ligouri's parents, who now occupy it, leave to go to their new home at Los Altos.

Bread Crumbs

Grind the last slices of bread and the left-over biscuit which are becoming stale and put them in a covered jar or tin box. This provides an abundant supply of bread crumbs ready for use when needed.

Leaky Hose

If the garden hose leaks, cut out the damaged part. To join the cut ends, put a short pipe inside the hose and clamp the hose firmly to this pipe from the outside.

Ship Cable

About 6½ miles of steel cable is carried by a combat cargo ship.

Lions To Hear Noted Speaker

If the world comes to an end after stubbornly refusing to do so for a few centuries in spite of the predictions of self styled prophets the guest speaker to appear at the Daly City-Colma Lions club on Wednesday, September 26 may be called upon to enlarge upon the theme which will be his subject at this meeting.

He is H. E. McClellan, sales-manager for Cypress Lawn Cemetery association and instructor in Beckmann-Hollister school of public speaking. His topic "The Resurrection of the Dead" is most profound and one that has been pondered by many great minds in many countries.

Two Auto Incidents Give Local Police Slight Headaches

Chasing down a report that two fellows were pushing a car around at Santa Barbara and and Vista Grande avenues, Sergeant Benedetti and Officer James Walsh found Albert Ray French, 3345 18th street, San Francisco and a youthful relative allegedly tanked to the ears as the saying goes, sitting helplessly in a Pontiac sedan parked in the middle of Santa Barbara avenue, waiting for something to happen. It did and they were escorted to the jailhouse to sleep it off and wake up to a hangover and a disciplinary fine.

Lady Luck rode beside another motorist in what might easily have been a tragic accident. Officers Benedetti and Walsh found Roscoe Crooks Wells of Cabin 8, Golden Gate Auto court, meandering north on Junipero Serra boulevard in a 41 Plymouth sedan with the entire left side and top smashed in. His right front wheel was gone and he was coasting along on the brake drum. Apparently undisturbed and cheerfully unaware of his narrow escape, Wells informed the officers that another car run into him and turned his car completely over and then went on its way. He was unable to give a description of the other car or its driver and how he ever righted the car and escaped without injury is one of the seven wonders. The car was taken to a local garage.

THE MEAT SITUATION IS IMPROVING

It may be several weeks or months yet before you can just step in and order as much of everything as you want and get it, but the situation is omproving rapidly. There is more of all kinds of meat—corned pork is plentiful again. As usual Farmer's features only top quality.
